

the level uP club

Key Stage 3 core skills mastery programme

Background: Due to the loss of time at school, not all students have had the opportunity to master the basic skills in Mathematics. The mastery of numeracy is also vital for the broader curriculum so children can reach their full potential en route to their final GCSE's.

What we offer

- ✓ small group sessions to aid with rapid progress - two staff for 15 students who will benefit from a minimum of 12 hours of specialist tuition
- ✓ 12-week programme which aims to deliver high impact masterclasses in order for learners to catch up with their peers
- ✓ 4 to 5 core skills consolidating the key building blocks of Maths required throughout the schooling years
- ✓ high quality of delivery by team members who are sector leading consultants or classroom teachers with vast experience

Benefits of the programme

- personalised attention due to the small number of participants
- staff leading sessions are experienced, outstanding and qualified maths teachers
- content covered is focused on core basic skills that support learning in all aspects of a student's broad curriculum
- we provide all student resources and learning material
- learners make rapid progress in mastering key mathematics principles

When

- School holidays
- Saturdays
- Term time

15 pupils (minimum size)

12 week programme
